

NATIONAL STATISTICAL SERVICE OF
THE REPUBLIC OF ARMENIA

MAIN FINDINGS

AGRICULTURAL CENSUS 2014 OF THE REPUBLIC OF ARMENIA

YEREVAN - 2016

In present day world which is characterized by the information variety and intensity of informational flows, the possible “combination” of 3 participants of official statistics such as respondents, users and taxpayers, “occupying the angels of statistical triangle” having different dispositions, is of great importance, especially from viewpoint of perception requirements “communication skills leveling” by national and international levels.

The National Statistical Service of RA (NSS RA) would like to thank all the respondents who have supplied information for this statistical publication and from the above mentioned considerations welcomes any comments and suggestions from the respondents and taxpayers, as statistical users, for the future developments of statistical publication.

You are kindly asked to provide your comments and suggestions to the Statistical Information Dissemination and Public Relations Division of NSS RA concerning the future development of the publications.

Dear reader,

I would like hereby to extend my deep acknowledgement to all people and organizations engaged in agriculture in the Republic of Armenia, whose participation and invaluable approach contributed greatly to the implementation of the first-ever Agricultural Census of the Republic of Armenia since independence.

The republican commission for organization and implementation of the RA Agricultural Census 2014 also sends their gratitude to the President of the Republic of Armenia, deputies of the National Assembly of the Republic of Armenia, Prime Minister of the Republic of Armenia, ministries and departments of the Republic of Armenia, regional governors (marzpets) of the Republic of Armenia for their assistance in organization and implementation of the RA Agricultural Census 2014; to heads of all communities of the Republic of Armenia who readily and zealously helped arrange and carry out the Agricultural Census campaign, provided enumerators from among the community population, and actively participated in other activities related to the census process.

I would also like to thank the staff of the Ministry of Agriculture of the Republic of Armenia and the international organizations and foreign governments who helped specify and settle methodological, organizational and grant funding assistance issues, as well as the mass media for providing the largest possible coverage of the preparation, implementation and follow-up processes of the Agricultural Census.

Stepan Mnatsakanyan

Chairman of the RA National Statistical Service

ACKNOWLEDGEMENTS

The republican commission for preparation and conduct of the RA Agricultural Census 2014 would like to extend their gratitude to:

- **Population** of the republic who supported the conduct of the **first-ever** agricultural census of the Republic of Armenia with their participation;
- RA President, deputies of the National Assembly of RA, Prime Minister of RA, ministries and departments of RA, marzpets (regional governors) of RA for assistance to the works of the RA Agricultural Census 2014;
- Heads of 866 rural and 49 urban communities of RA and 12 administrative districts of Yerevan* for their valuable contribution in preparation, organization and conduct of the Agricultural Census;
- Members and staff of the scientific educational and non-profit organizations whose remarks and recommendations during the working meeting discussions helped tackle certain methodological and organizational issues;
- Mass media outlets for covering the census preparation, conduct and follow-up processes.

The commission expresses special thanks to the following **states** and **international donor organizations** which supported this initiative; without their financial and methodological assistance the implementation of the Agricultural Census in the Republic of Armenia would be impossible.
