

National Statistical Service of the Republic of Armenia represents information on socio-economic situation of the country for January-December 2003.

## MACROECONOMIC INDICATORS

### Main Indicators Characterizing Results for January-December 2003

	January-December 2003	January-December 2003 compared to January-December 2002, %	December compared to November 2003, %
Gross Domestic Product, mln. drams			
at market prices	1618577.0	113.9	107.5 <sup>2</sup>
at basic prices <sup>1</sup>	1491558.4	114.5	x
GDP index–deflator (ratio of GDP at current prices to the volume of GDP at comparable prices of the previous year), %	x	104.7	x
Volume of industrial output, mln. drams	423717.4	114.9	109.2
Total volume of industrial output, excluding energy, gas, water production and distribution, mln. drams	329656.4	118.2	x
Volume of consumer goods production, mln. drams	182833.9	117.6	x
Electricity production, mln. KWh	5500.6	99.8	131.8
Gross agriculture output, mln. drams	410138.4	104.3	118.5
Construction			
volume of implemented construction, mln. drams	225931.2	140.0	123.2
operated residential buildings, sq. m., total area	512275	179.6	29.6
Goods turnover of transport in general use, mln. tons-km	1749.3	113.9	164.5
Foreign trade turnover			
million US dollars	1947.5	130.5	107.1
million drams	1144965.1		
<i>including</i>			
export			
million US dollars	678.1	134.2	111.7
million drams	409152.3		
import			
million US dollars	1269.4	128.6	104.8
million drams	735812.8		

<sup>1</sup> GDP at basic prices, unlike GDP at market prices, doesn't include taxes on goods, but includes subsidies on goods. Data in basic prices are given excluding financial intermediation services indirectly measured.

<sup>2</sup> At current prices

	January-December 2003	January-December 2003 compared to January-December 2002, %	December compared to November 2003, %
Average monthly nominal wages per employee (estimation) <sup>1</sup> , drams	32518	120.9	117.9
Money incomes of population <sup>2</sup> , mln. drams	1163637.2	115.1	193.3
Disposable incomes of population <sup>2</sup> , mln. drams	1063129.2	109.1	187.6
Money expenditures of population <sup>2</sup> , mln. drams	1158887.7	117.5	178.8
Volume of retail turnover, mln. drams	710245.8	114.5	176.4
Volume of services rendered to population, mln. drams	216667.8	108.9	199.4
Consumer price index, %	108.6 <sup>3</sup>	104.7	105.2
Producer's price index for industrial products, %	121.1 <sup>3</sup>	108.9	103.0

<sup>1</sup> According to the statistical reporting data received on the monthly basis from about 9000 economic units.

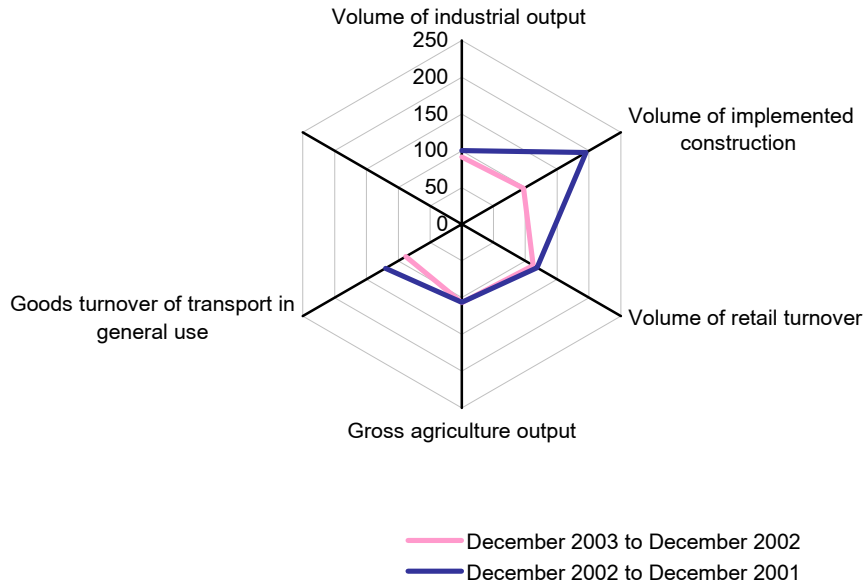

<sup>2</sup> The indicator is calculated on a cash basis.

<sup>3</sup> December 2003 to December 2002.

Diagrams are presented below, which describe changes in main indicators on produce production and service.

***Changes in Main Indicators on Produce Production and Services for December months in 2003 and 2002***

*(compared to December of the previous year, %)*

***Changes in Produce Production and Services for January - December 2003 and 2002***

*(to the corresponding period of the previous year, %)*
