

Statistics on foreign investments (quarterly)- Phase 1 Specify needs
 Sub-process 1.1 Determination of needs

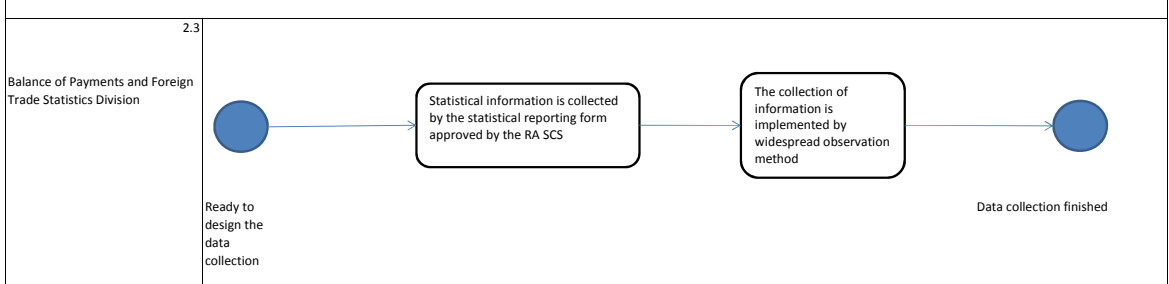

Statistics on foreign investments (quarterly)- Phase 2 Design
 Sub-process 2.1 Design outputs

Sub-process 2.2 Design variable description

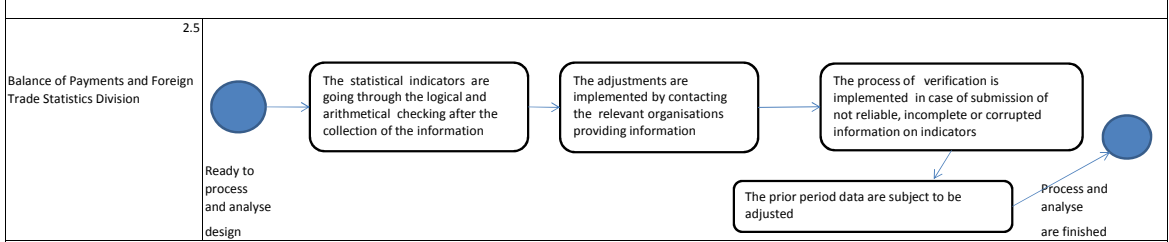

Sub-process 2.3 Design data collection

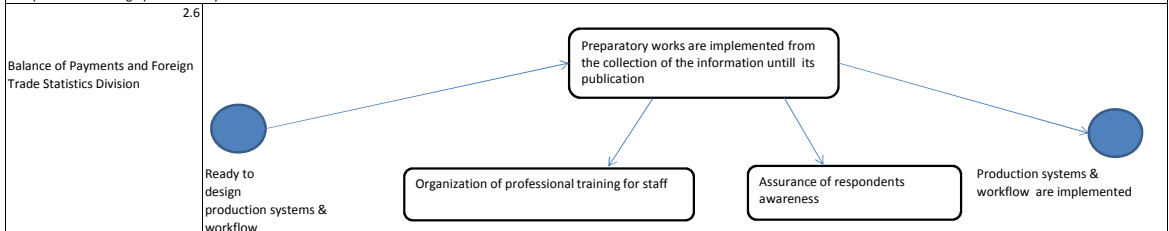

Sub-process 2.4 Design of general population and sampling

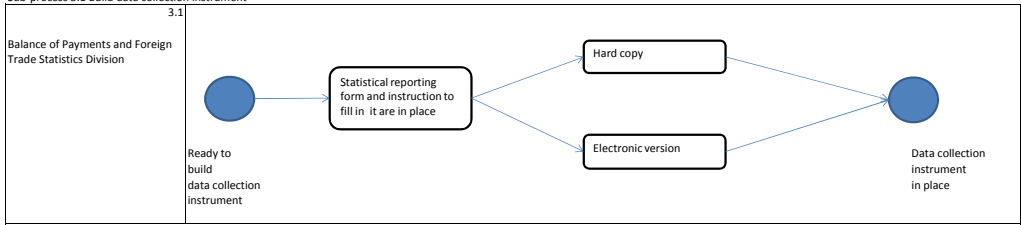

Sub-process 2.5 Process and analyse design

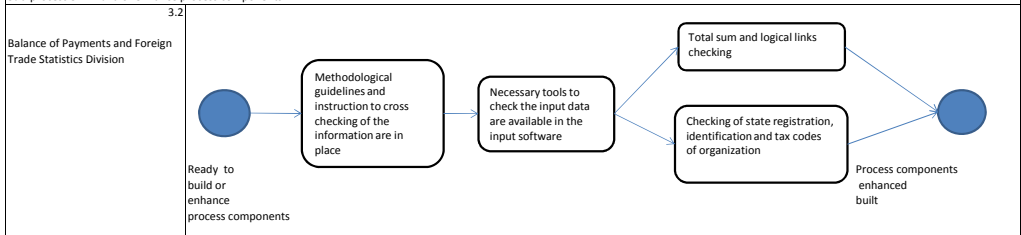

Sub-process 2.6 Design production systems & workflow

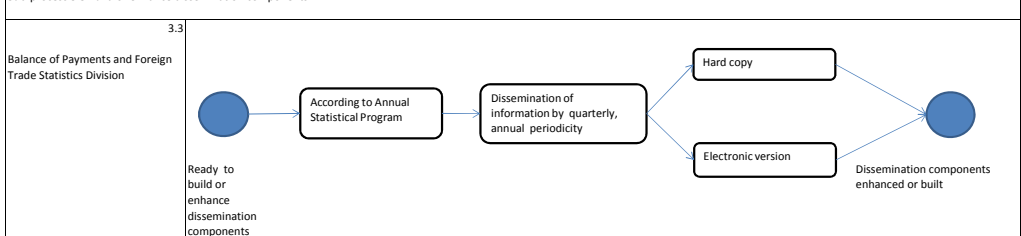

Statistics on foreign investments (quarterly)- Phase 3 Build
 Sub-process 3.1 Build data collection instrument

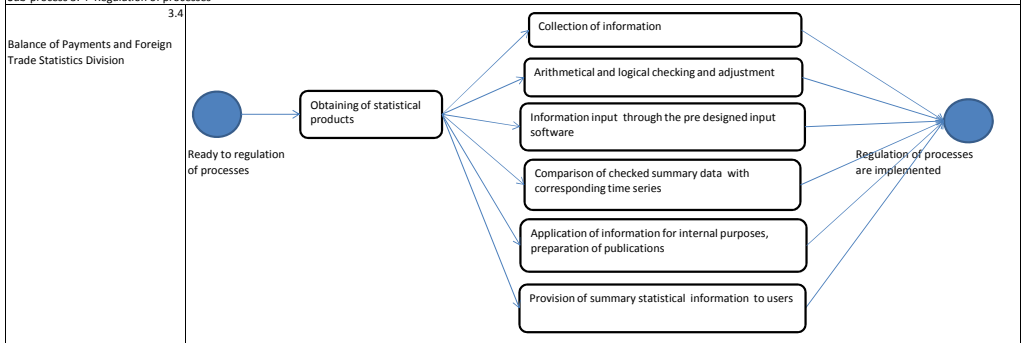

Sub-process 3.2 Build or enhance process components

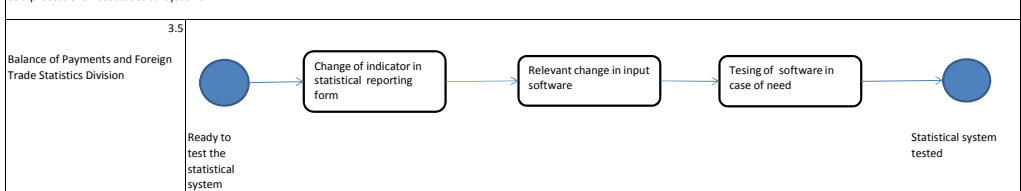

Sub-process 3.3 Build or enhance dissemination components

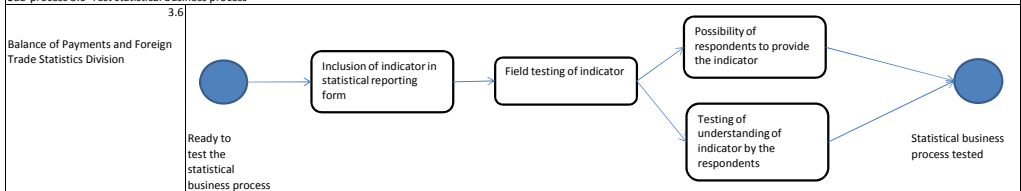

Sub-process 3.4 Regulation of processes

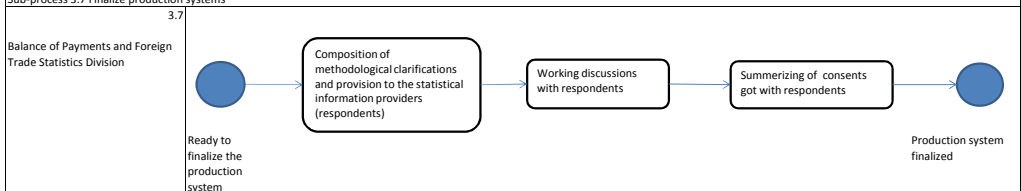

Sub-process 3.5 Test statistical systems

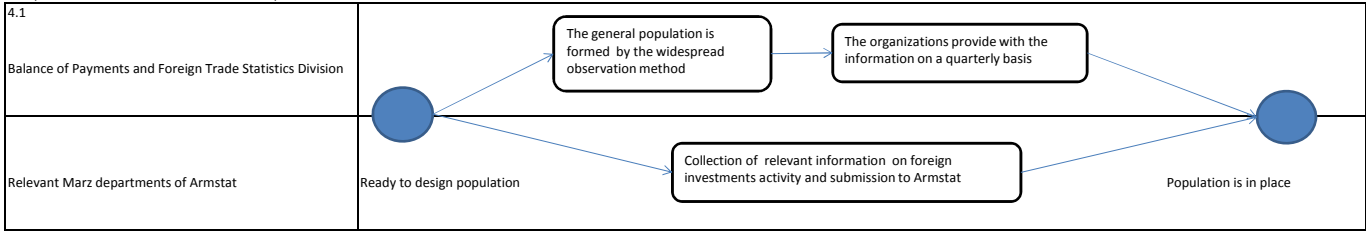

Sub-process 3.6 Test statistical business process

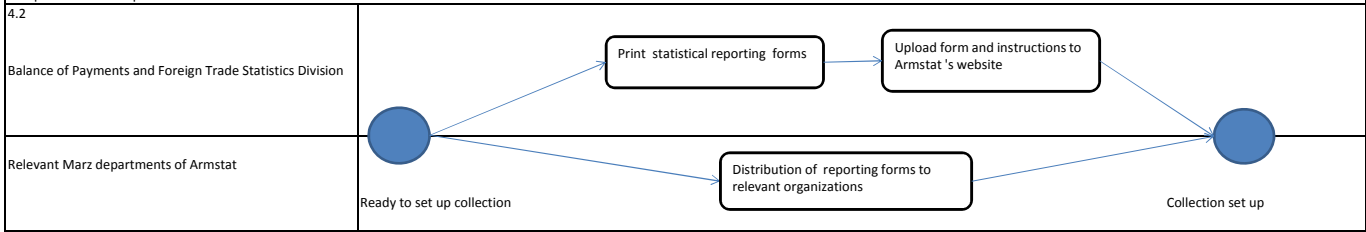

Sub-process 3.7 Finalize production systems

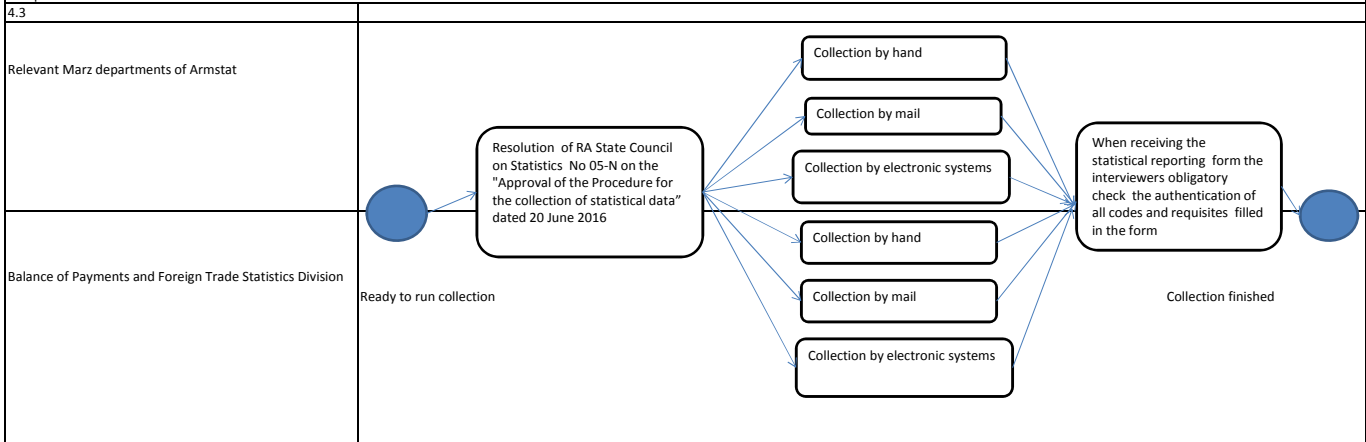

Statistics on foreign investments (quarterly) - Phase 4 Collection
 Sub-process 4.1 Create frame and select sample

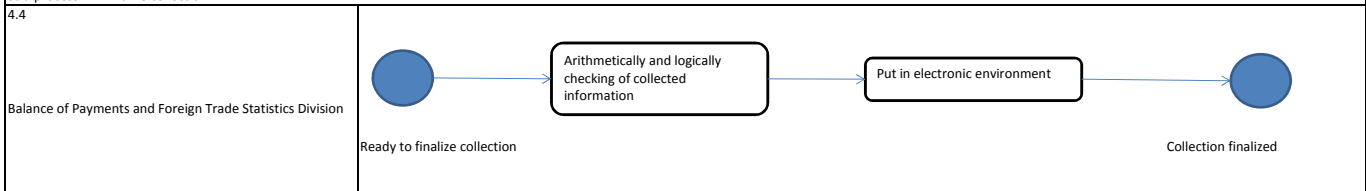

Sub-process 4.2 Set up Collection

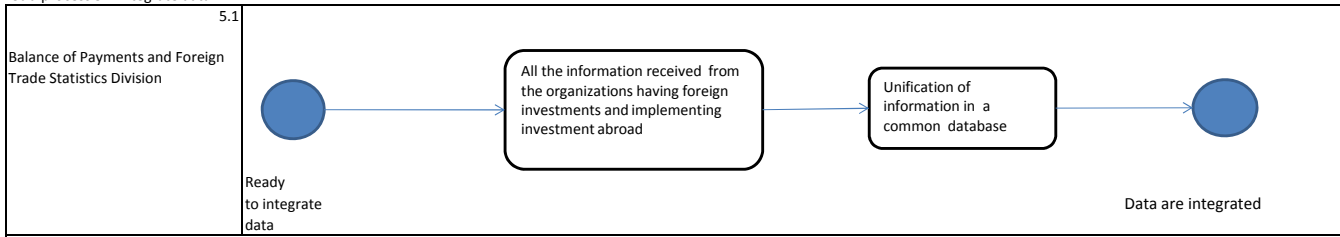

Sub-process 4.3 Run Collection

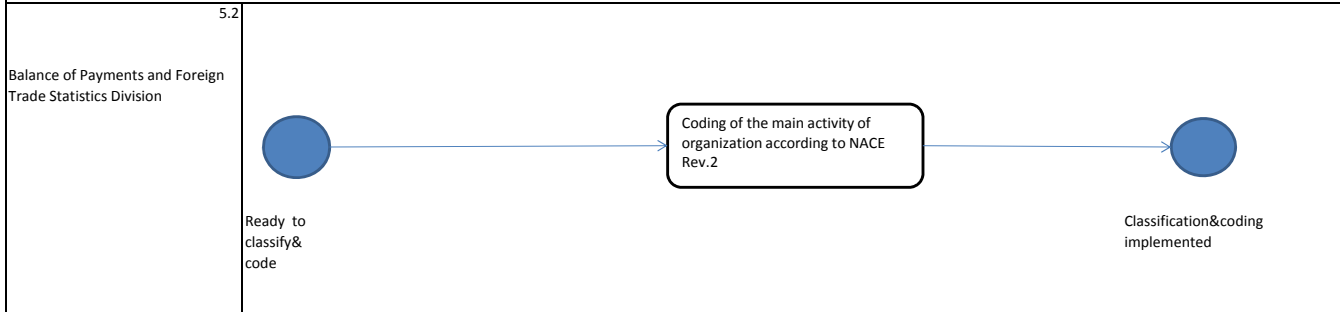

Sub-process 4.4 Finalize collection

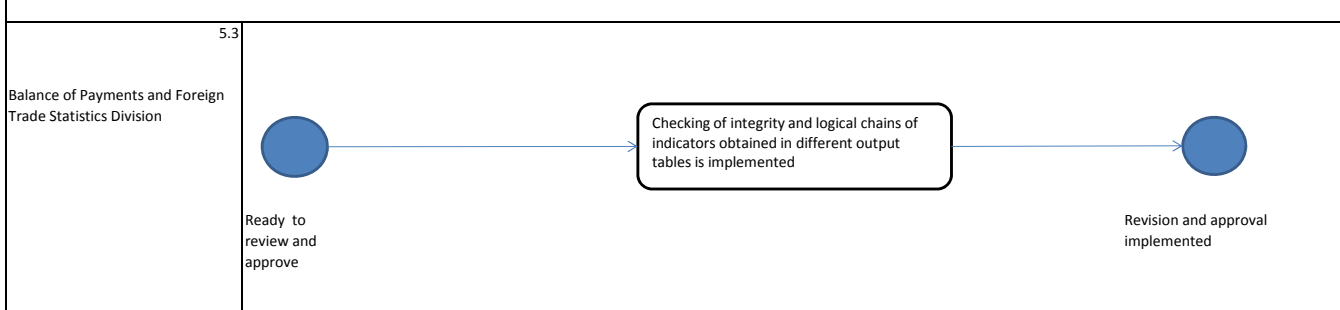

Statistics on foreign investments (quarterly)- Phase 5 Process
 Sub-process 5.1 Integrate data

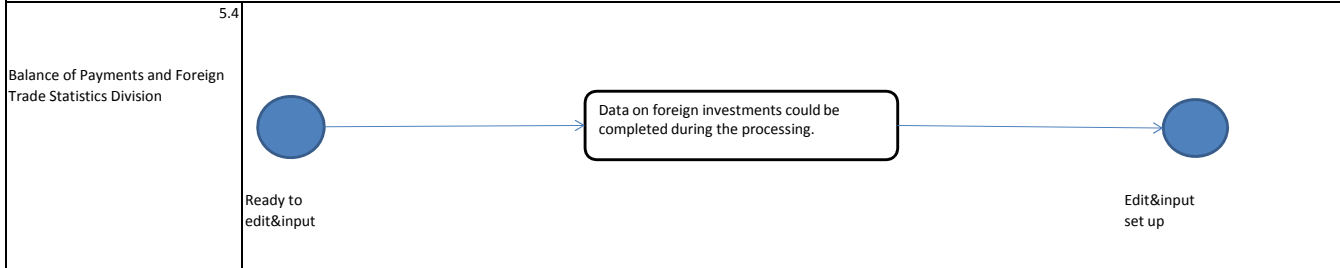

Sub-process 5.2 Classify&code

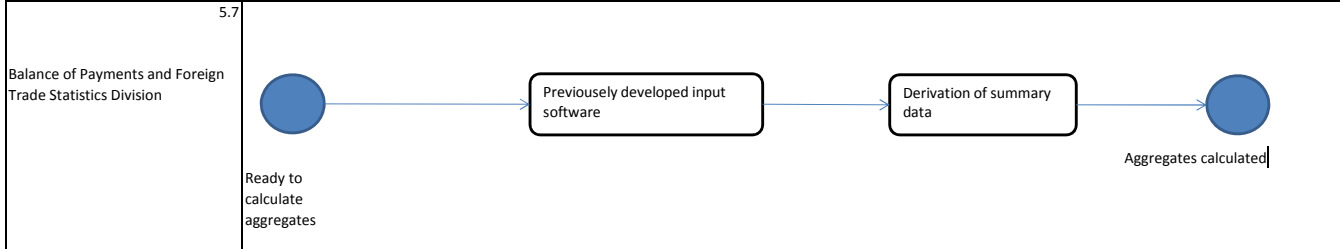

Sub-process 5.3 Review and approval

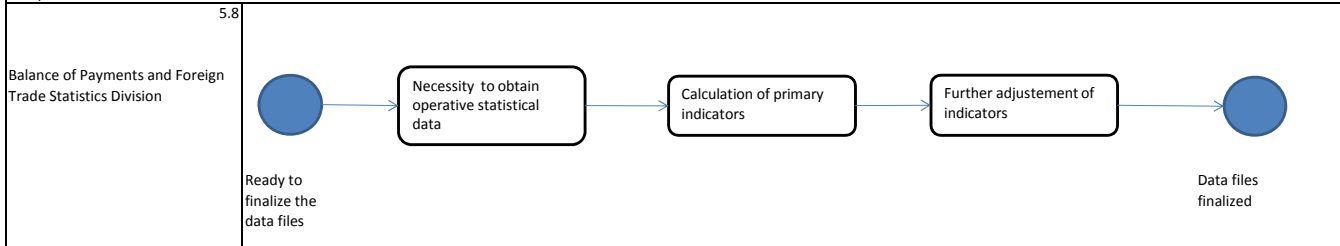

Sub-process 5.4 Edit & input

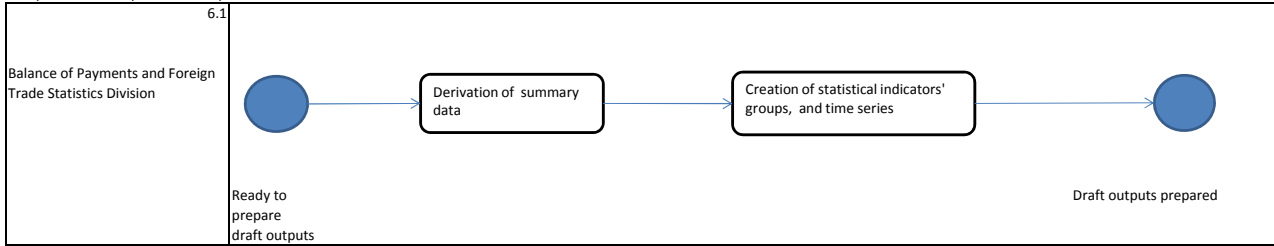

Sub-process 5.7 Calculate aggregates

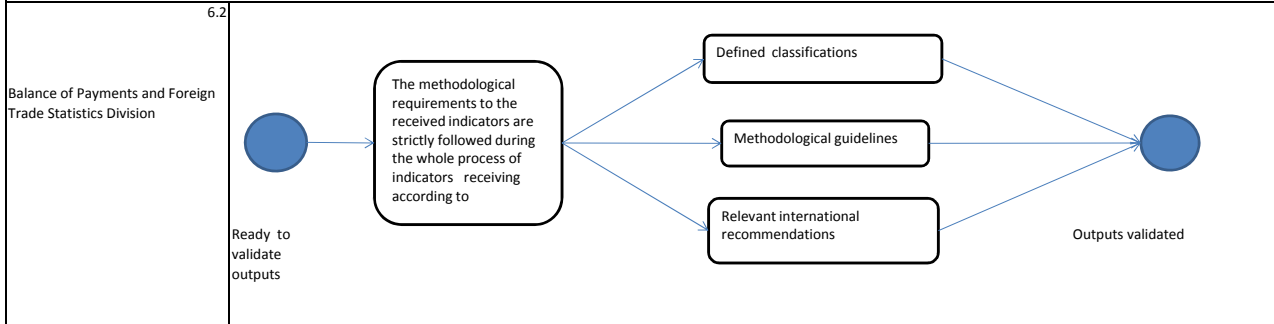

Sub-process 5.8 Finalize data files

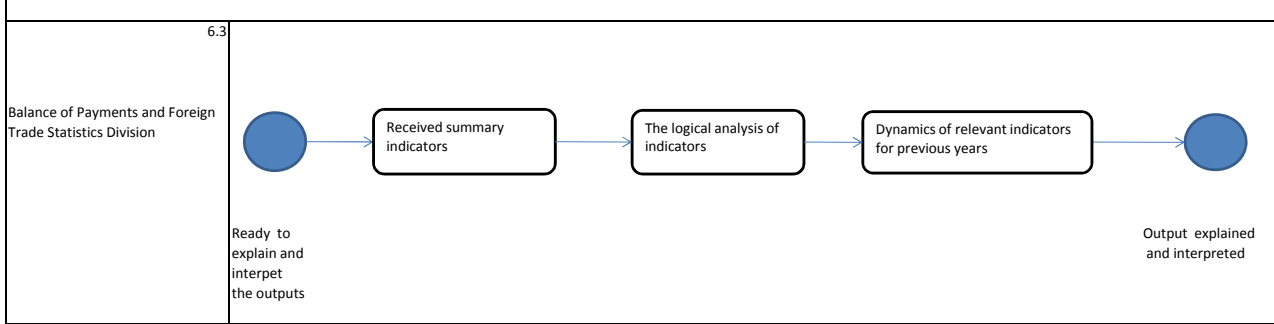

Sub-process 6.1 Prepare draft outputs

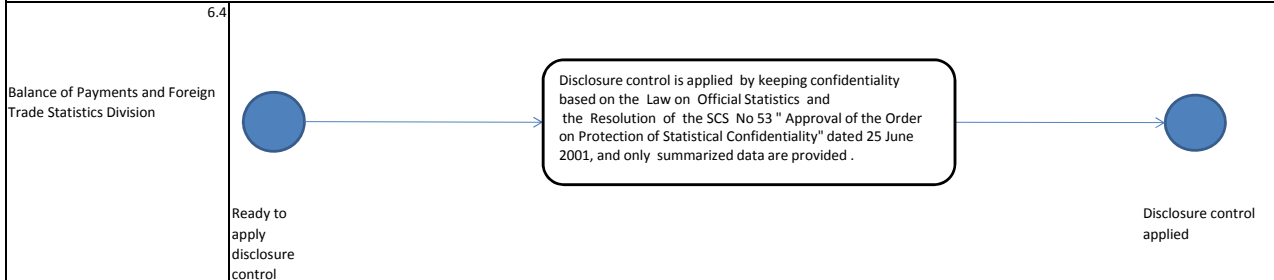

Sub-process 6.2 Validate outputs

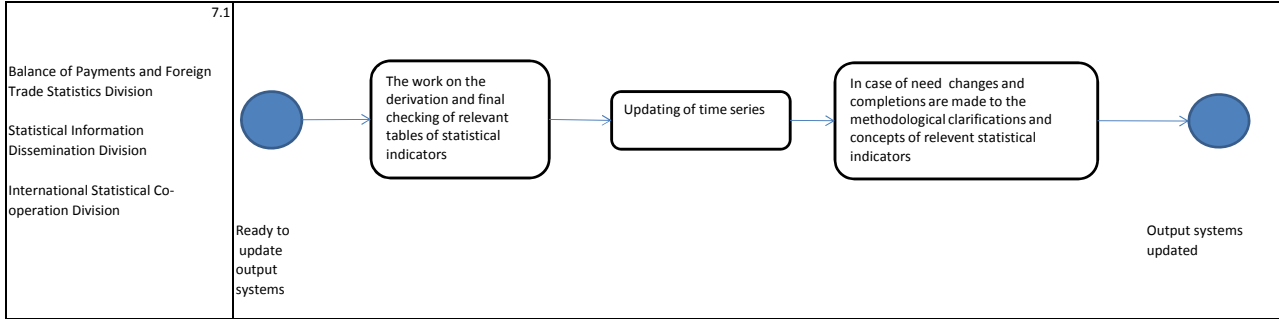

Sub-process 6.3 Explanation and interpretation of outputs

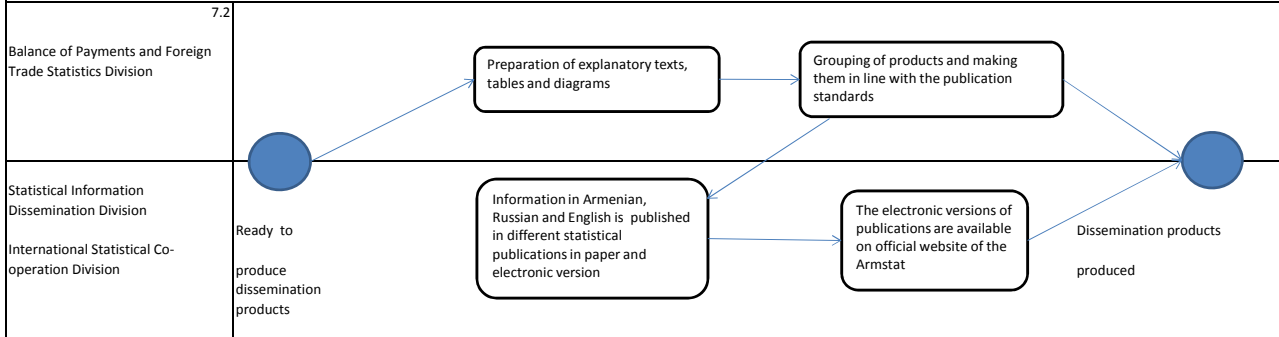

Sub-process 6.4 Apply disclosure control

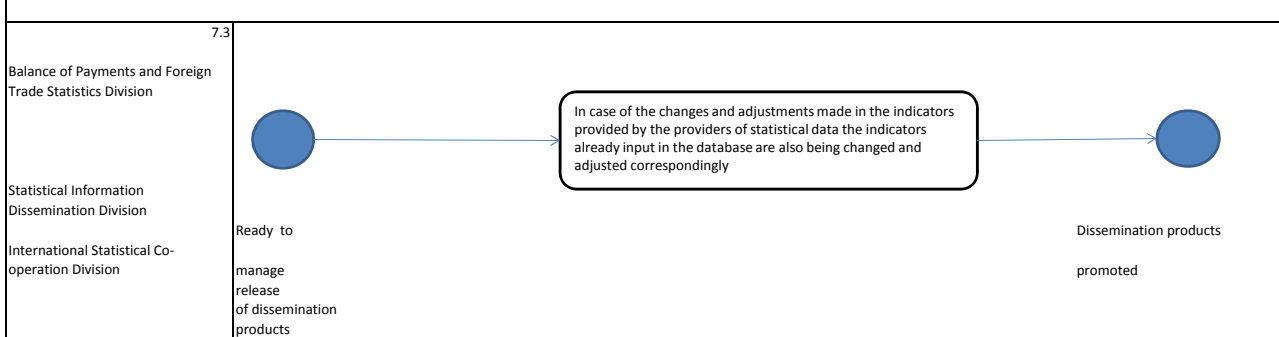

Sub-process 7.1 Update output systems

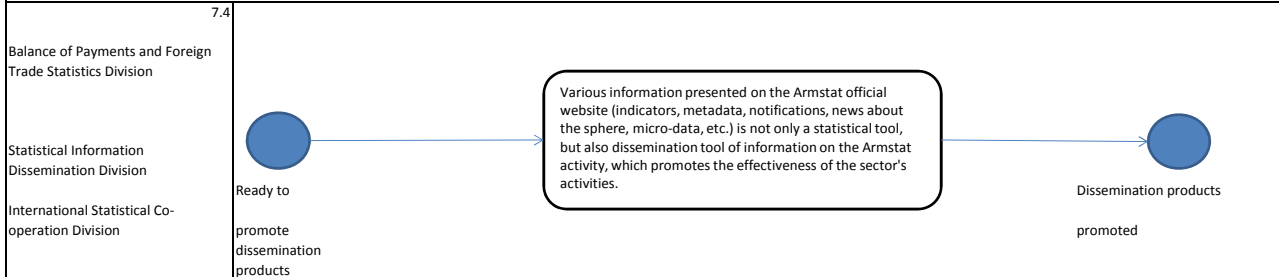

Sub-process 7.2 Produce dissemination products

Sub-process 7.3 Manage release of dissemination products

Sub-process 7.4 Promote dissemination products

Sub-process 7.5 Manage user support
